

ALLIED TROOPS OCCUPY GERMAN CITIES

COALGATE MAN CLEARED OF BANK FRAUD CHARGE

Judge Sustains Demurrer To Quash the Charge Against Dennis.

(By the Associated Press.)
COALGATE, Mar. 8.—District Judge John H. Linebaugh, today sustained a demurrer to quash the information charging Fred Dennis, state bank commissioner, with corruption in office, and violation of the state banking laws, while handling the affairs of the defunct Citizens State Bank.

Dennis was arrested November 27, last, on a charge of concealing alleged forgeries of Sam Maxwell, president of the bank and allowing the bank to do business when he knew it to be insolvent.

The complaint alleged that in collusion with Sam Maxwell and Roy Hotchkiss, vice-president of the bank, he permitted a bank to be operated he knew to be insolvent.

Dennis was released after an immediate arraignment on a \$5000 bond and on December 3 was given a preliminary hearing and held to the district court on a \$12,000 bond.

The action yesterday was in connection with his arraignment. The trial was to have been March 16.

WEEKS ANNOUNCES POLICY FOR ARMY

Well Balanced and Effective, Capable of Rapid Recruitment.

(By the Associated Press.)
WASHINGTON, March 8.—The policy of the war department under the new administration contemplates organization of the nations military forces into one harmonious, well balanced and effective army, constituting the regular army, the national guards and the organized reserves, Secretary Weeks announced today.

The regular army and the national guards will be developed to the strength authorized by law, the announcement said and the reserves will be organized as division and auxiliary troops with full officer complement and sufficient enlisted strength to be capable of rapid recruitment to full strength.

FOUR PERSONS KILLED IN IRISH FIGHTING

(By the Associated Press.)
DUBLIN, Mar. 8.—Four persons were shot and killed in engagements between the crown forces and Sinn Fein detachments in southern Ireland last night.

'Dainty Dorthy' Will Appear Upon the Streets Tomorrow. \$10 Reward

That entrancing lady has been engaged by Auld's Cleaning Works to advise and make suggestions in personal attire. Dainty Dorthy has a unique method of attracting attention to her work. She is something of a will-of-the-wisp, mingling amongst us, yet keeping her identity hidden. She will give, however, a \$10 gold piece to the first person man, woman or child, in Ada who discovers her identity. She will traverse the entire business section of Ada, entering business establishments at intervals and making purchases. She may enter a show. She may stop to look at show windows, or a thousand other things a woman might do while up town.

All you have to do is to ask her: "Are you Dainty Dorthy of Auld's Cleaning Works?" These exact words must be used. If you are the first to ask her the question, she will smilingly acknowledge she is and hand you a \$10 gold piece.

Remember you will not know who Dainty Dorthy really is. She may be the girl who lives next door or across the street. She may be young, middle-aged, or old. We have called her "Dainty Dorthy" because of the dainty and chic suggestions of her dress. You will agree with us later that she is indeed Dainty Dorthy.

Dainty Dorthy will appear tomorrow and every day this week upon the streets of Ada between the hours of 3 and 6 p. m. Catch her and receive the \$10 in gold.

Should she be caught on her first venture, some other lady will be substituted the following day. The winners will be announced each day in the Ada Evening News and in the event of her being successful in eluding the vigilance of our citizens, she will relate her experience tomorrow.

Road Boosters Will Report Stratford Trip Tomorrow

The committee comprising three car leads of boosters appointed by the Good Roads Motor club which went to Stratford yesterday will make a detailed report tomorrow showing what transpired on the trip. Members of the committee insist that some interesting facts will be announced in this report which is to be published in the Evening News. Look for it.

MANY KILLED BY ARTILLERY BOMBARDMENT

(By the Associated Press.)
LONDON, Mar. 8.—During a recent bombardment of the workmen's quarters in Moscow by artillery placed on the hills overlooking the city, says a Central News dispatch from Helsingfors today, several hundred persons were killed and a number of others wounded.

More than one hundred thousand men and women, the dispatch asserts, now are on strike in Moscow.

BOYS AT SCHOOL LIKE TRAINING

Proves Successful After Three Months Trial With Unruly Lads.

(By the Associated Press.)
PAULS VALLEY, Mar. 5.—Installation of military discipline at the Oklahoma Training School for boys here has increased the morale of the school approximately 100 percent, according to an announcement made today by W. C. Brady, acting superintendent of the institution. The success of the system, inaugurated three months ago, has been so gratifying, the superintendent added, it will be continued in the curriculum of the school.

The enrollment of the school has been divided into squads and in such formations the daily schedule of duties at the school is carried out, Mr. Brady declared. Fatigue details are assigned each day to the general "polishing" of the campus while other details clear the work in the kitchens and buildings.

"The enthusiasm with which the system of military discipline has been accepted by the boys in the schools is even more gratifying," Mr. Brady said. "Since the installation of the system the morale of the boys has been greatly advanced and the physical improvement in the personnel can also be noticed."

Each squad has been allotted a cottage on the campus, which is designated as "Company A. B. C." etc., and is in charge of an over-seas veteran of the world war. The commander of each squad or platoon is addressed in the regular army terms of rank—from the two-barred captain down to the buck private. When assignment of details is made by the "commander of the post," each detail is called under military designation.

Regular drill periods are carried out each day. The more than 150 members of the school comprise about six "companies" who can "pass in review," "parade rest" or "pass in review," "parade rest" much bearing and alacrity as benefits the ex-veteran, according to Mr. Brady.

TRIAL OF CLARA SMITH TO START ON SCHEDULE TIME

Opinions Differ Among Officials on How Long It Will Continue.

(By the Associated Press.)
ARDMORE, March 8.—Doubt that the trial of Clara Smith Hamon, charged with the murder of Jake L. Hamon, would start as scheduled two days hence, apparently was dissipated today by the statement of Judge Champian, who will preside, that he expected the case to be called Thursday morning and saw no reason why it should not be.

Requests to estimate as to the length of time the case will require meet with varying responses in the county building. County officials and attorneys say from three days to three weeks, each with his own reason for his estimate.

Railroad Official Dies

(By the Associated Press.)
NEW YORK, Mar. 8.—Charles Hillard, second vice-president of the St. Louis and San Francisco railroad died here today. Mr. Hillard was born in England and came to the United States in 1876.

800 CHINESE DROWNED IN SHIP WRECK

(By the Associated Press.)
HONG KONG, Mar. 8.—More than 800 Chinese are believed to have been drowned in the wreck of the steamer Hong Moh, on Lamock Island, on March 3, news of which was received here today. The steamer which is British, carried 1,100 Chinese on her present trip and only 248 of these have been reported rescued.

LIONS HOLD SEMI-MONTHLY MEET

Plenty To Eat, As Usual, Several Important Matters Considered.

Promptly at the sound of the dinner gong today twenty-six hungry lions were seated at luncheon in the big dining room at the Hotel Harris at which time the hotel management served a most delightful three-course luncheon in a manner characteristic of the Harris.

After lunch the club held a business session in the parlor which resulted in some very pertinent propositions being discussed.

President Gowing occupied the chair and opened the meeting with the reading of previous meeting minutes by the newly appointed Secretary, Harmon Ebey.

Mr. Ebey was elected secretary at the last meeting to fill the unexpired term of Secretary Sam Schenberger. In the resignation of Schenberger the club realizes it has lost a most enthusiastic worker and booster official, but members are hoping that he may not lose any of his interest in the business and success of the club in retiring from office.

Mr. Ebey is quite proficient as secretary and will doubtless prove an asset to the work.

After contracting for a half page ad in the coming issue of the Peasazi the E. C. S. N. annual, the club read and endorsed State Bill No. 174 providing a state censorship of moving pictures released in Oklahoma.

The necessity of maintaining a committee during the remainder of the legislative session at the state capital to lobby for necessary appropriation for our state school resulted in the chairman being asked to appoint a committee at once, the expense to be paid by the club. The committee will be appointed today.

The next regular meeting of the club has been designated as "Better Cities" day and the chair has invited Professor J. E. Hickman to preside at the meeting. The date will be March 22nd.

A motion carried to entertain the first class Boy Scouts at the luncheon four weeks hence. There are at present 15 scout members who wear the honor badges. These boys will be guests of the Lions club, Tuesday, April 5th.

The matter of continuing the issuance of the semi-weekly bulletin was killed, resuscitated and tabled, and the matter of issuing some form of an invitation or announcement is left in the hands of the secretary. Adjournment.

BUSINESS IS ON THE UPTURN.

Business in America is getting its stride again. It is going to get a steady pace it can keep. Swinging along with it, the best is yet to come. Recent months have marked a return to normal habits and wholesome standards. Business houses are in training to conserve strength and build up vital powers on a better, broader basis.

Prices have reached or are reaching stable levels. Goods and services no longer sell themselves. They must be sold.

Good salesmanship is the order of the day. It is a help-the-buyer kind. It puts Service on a par with profit. Its aim is to attract buyers by making buying attractive.

Merchants and all sellers are not merely getting business, they are building it on foundations of integrity.

Just recently the president of a national business spent thousands of dollars to apologize to the public for mis-statements in advertising published in hundreds of newspapers by his company.

He said policies of truth-telling and fair treatment must be maintained by his company at any cost, because he valued the confidence of the public and the good will of his business to much to have it impaired by wrong practices.

Legitimate business believes in "playing fair" and "dealing square." It aims to safeguard the interests of the purchaser in all transactions.

With the spirit of Service as a guiding force, business is worthy of your faith on which its activity relies. There is the hub of the whole matter.

American security lies not only in our mines, forests, factories, and farms, but also in the work of our hands and the confidence in our hearts.

Let us turn these to constructive purposes and enjoy a wholesome measure of Prosperity.

Credit Bureau Joins State Organization

Committees Appointed at Meeting Last Evening to Handle Details.

The business men of the city who met at the parlor of the Harris hotel last evening to hear the address of A. P. Gregory of Guthrie, secretary of the Oklahoma Retail Merchants' association, were well repaid for their trip through the rainy weather. The crowd was not nearly so large as it would have been had the weather been more favorable, but those who did brave the storm received some real information on questions of paramount importance to merchants just at this time.

Mr. Gregory's address was more than anything else a heart-to-heart talk with the assembled business men on questions which lie at the very door of every business house, large or small. He knows the problems of the merchant from close association with them and during his term of office as secretary of the Oklahoma Retail Merchants' association has done much good work in their behalf. Not only has the work of the association benefited the merchant but in helping to neutralize his losses the association has made it possible for him to sell his wares to the consumer at closer margin.

At the conclusion of Mr. Gregory's remarks all of the merchants present voted that the Ada Credit Rating bureau, recently organized, take immediate steps to join the Oklahoma Retail Merchants' association. A substantial amount was subscribed to the fund necessary to pay for the charter with the organization and a committee was appointed by Chairman Schenberger to finish the collection of the required amount today.

J. E. Williams, manager of the local Merchants' Credit bureau, was on hand and acted as secretary of the meeting in the absence of A. W. Bullock, the temporary secretary. Mr. Williams has just recently moved to the city from Shawnee to establish the rating bureau here. He has been manager of the Shawnee organization for a number of years and is familiar with all of the details of the work. He hopes to be able to begin serving the merchants of the city with information which his office will make available, by the middle of April.

A budget committee was appointed by the chairman to work out the membership fee which will be charged to each member. The fee is to be based on the approximate volume of business done by the different members. Messrs. Mosier, Drummond and Shaw were appointed on this committee.

A membership committee was appointed to solicit members for the organization. Messrs. Harvey, Branscomb, Dusham, Wilson and

Sparks were named for this committee.

Messrs. Smith and Lindsey were asked to co-operate with Manager Williams in formulating a constitution and set of by-laws for the organization, and at the request of the members present Mr. Schenberger accepted the position on the legislative committee.

Another meeting will be called as soon as the various committees have had an opportunity to perform their duties, and permanent officers will be elected for the association.

FIRST CABINET MEETING TODAY

First Photograph of Official Family Was Taken Today.

(By the Associated Press.)
WASHINGTON, Mar. 8.—President Harding had his first cabinet meeting with his cabinet today. Vice-president Coolidge attended at the president's invitation and it was understood that foreign affairs as well as domestic questions were discussed.

The meeting was held in the executive office and all members were on hand at 11 o'clock. The first business attended to was entirely unofficial, that of taking the first photograph of the cabinet.

The Panama-Costa Rican situation the question of withdrawal of American troops from the Rhine and the legislative program of the coming special session of congress are understood to have been among the long list of subjects discussed by President Harding and his cabinet today at their first formal meeting.

Government Wheat Report

(By the Associated Press.)
WASHINGTON, March 8.—Wheat held on farms March 1st was about 207,581,000 bushels or 26.4 per cent of the 1920 crop, compared with 164,624,000 bushels or 17.6 per cent of the 1919 crop held a year ago, the department of agriculture announced today.

Fair tonight. Much colder, probably freezing. Wednesday fair and cold.

No Resistance Offered Against Their Action

Ada Oil Mill Starts Operations After Short Shutdown

The Ada Oil Mill began operations again this morning after being closed down for more than two weeks. It is expected that work in the mill will be continued now until the close of the season.

When the mill started work again this morning several men were given work. The cement plant, and glass factory are also expected to begin full operations soon. Many men, now idle, will be given work if this is done.

MANY PRIZES FOR BABIES CONTEST

Show Will Be Held March 18; Many Entries Expected.

The ladies of the Junior Women's Auxiliary of the Presbyterian church are making plans for the Better Babies Contest which they will give on March 18. This will be a great thing for the community and county as a show of this nature has not been held in the city for some time. They plan to make this the greatest baby show ever held here, and expect it to be of great benefit to all concerned.

Healthy Babies Will Win. Prize winning babies in this contest will be healthy, happy babies. Well nourished, firm and smooth skinned and clean smiling babies also will be held as winners.

If your baby is a good one this year, the purpose of the contest is to show you how to make a better one of it next year. This can be done only through hygienic living and intelligent care.

Better farming and domestic science are studied in schools and by housewives, farmers and others interested, that they may better know how to improve crops, and the home and other necessities of life. The same principal will apply to care of babies and a study of baby hygiene is being made by these ladies for this purpose. Through the show they will be better able to impart the knowledge gained by others.

Urge All Babies to Be Entered

They urge the parents of babies to enter them and to attend the show that they will get the purpose for which it is intended. As an inducement for the parents to do this many prizes have been offered to the best babies entered. Those who have an entry to make should get in touch with a member of the committee and enter it early.

A small entry fee of 50 cents will be charged and those who have charge of this department are as follows:

Mrs. Bobbitt, phone 627; Mrs. West, phone 946; Mrs. W. Russell, phone 1071; and Mrs. Claude McMillian, South Belmont. Those who are in town may also see Mr. Bobbitt at the Coffman, Bobbitt and Sparks Hardware store and make their entries. Others in the downtown district are Mrs. Skinner at Simpson's and Miss Vreeland at Moser's.

Prizes Are Offered.

Local merchants have co-operated with the ladies in this undertaking and many have offered prizes to the winning babies. Following is a list of prizes offered and the merchant giving it:

Hensler & Story, hot water bottle; Gwin & Mays, hot water bottle; Coon's, gold ring; Rollow, silver spoon; Globe, silk hose; Simpson's, silk hose; Moser's, silk socks; Shaws, silk socks; Stevens-Wilson, 2 baby underwaists; Collman, Bobbitt & Sparks, silver knife, fork and spoon; Hope-Conn, boy's pocket knife. A bronze medal will be awarded by the Women's Home Companion to the highest scoring baby. The age limit is from six to sixty months.

Clothing Display.

A display of baby clothing will also be held in connection with the show. It will consist of appropriate spring clothing for babies and al who so desire will be permitted to buy articles from the display. The clothing will be made and selected by experienced hands and

German President Asks His Subjects To Maintain Grave Dignity.

(By the Associated Press)

French Military Headquarters, Mayence, Germany, Mar. 8.—Occupation of the additional German territory, which the allies had announced they would take possession of as one of the penalties for Germany's failure to meet the allied reparation demand, was carried out today.

No outward incident marked the eastward movement of the allied troops.

The occupation of Duesseldorff, the largest city taken over, was completed this morning and that of Duesbery and Ruhort comprising together the chief port of the Ruhr coal and industrial region, this afternoon. The entire movement was affected in a way to obviate as far as possible any show of force.

General De Gouette, commander in chief of French forces on the Rhine, issued a proclamation to people of Duesseldorff in which he declared the occupation was not a measure of hostilities against the population.

No obstacle would be raised against the economic life of the region, he declared, and the allied authorities were ready to aid the workers in improving their condition, especially as regarded provisioning.

MAYENCE, Mar. 8.—British, Belgian and French troops entered Duesseldorff this morning. French and Belgian troops occupied Duesberg at noon.

The allied Rhine flotilla took possession of Ruhort.

LONDON, Mar. 8.—This morning's newspapers, with one exception, approved of the allied decision to penalize Germany for refusing to accede to the allied plan for reparation. This exception was the Daily News, which complained Premier Lloyd George had brushed aside German offers made for a peaceful solution of the situation.

BERLIN, Mar. 8.—Occupation of Duesseldorff, Duesbery and Ruhort by allied forces will not be opposed.

(Continued on Page Three)

SOLDIERS BEING RUSHED TO SAVE MOSCOW

(By the Associated Press)

WARSAW, Mar. 8.—Strong detachments of Russian bolshevik cavalry commanded by General Budenny, are being rushed to southern Russia to Moscow to crush the insurgents who are said to be gaining in power daily in the Russian capital.

Reports declare that many units of the bolshevik infantry divisions are unloyal, but the Chinese mercenaries in the communist body are standing firmly by their soviet leaders.

HARDING RETAINS OLD FAMILY PHYSICIAN

(By the Associated Press.)

WASHINGTON, Mar. 8.—President Harding has definitely appointed Dr. C. E. Sawyer, of Marion, Ohio, his personal physician and expects to nominate him in the near future for rank of brigadier general in the medical corps.

The doctor has been the Harding family physician for a number of years and accompanied Mr. Harding on his trip away from Marion after he was nominated for the presidency.

Dr. Sawyer has specialized in nervous diseases and is the proprietor of a sanatorium in Marion.

will be of the best class and quality. The Better Babies Contest and Children's Bazaar will be held at 100 West Main in the Guaranty State Bank building. Preparations for the event are now well under way and by the date on which it will take place, all will be ready.

FIVE CENTS THE COPY

NATION NO LONGER TROUBLED OVER HARD TIMES SCARE

Head of Federal Reserve
Board Says Country Is
Normal Again.

(By the Associated Press.)

NEW YORK, Jan. 8.—The nation has recovered its normal sanity and is not troubled so much with either extreme pessimism or optimism, says Governor Harding of the federal reserve board in an address published here today.

Governor Harding said that any danger of a collapse had passed and that the worst undoubtedly is over.

"The country generally has recovered its normal state," he said. "We are no longer afraid. We are not indulging in the old idea of extravagance. Living beyond our means, nor are we troubled as much as we were a few weeks ago, with that other extreme of over-pessimism, where people get down in the dumps and they cannot see any daylight, cannot see any hope, see nothing but gloom and darkness."

Governor Harding said there were signs that the extreme depression which has occurred in some industries is nearing the end.

"The industrial and economic future of this country depends now more than anything else perhaps on our foreign trade," he added.

Normal Students To Stage Historic Play January 13th

The play, "Continental Congress," to be given by the history department of the Normal Thursday evening, January 13, is rather unique in character. It was written by J. J. McBrien of the national bureau of education. It is intended to be patriotic in nature, and educational at the same time. Some of the scenes of the play will show the workings of the First Continental Congress in its determination to aid suffering Massachusetts; Washington taking charge of the National army; the organization of the Second Continental Congress; and, last, the adoption of the Declaration.

The play takes the audience back to the spirit of the times when our country was being formed, and the mental struggle through which the people of that period passed before they were ready for independence. Tableaux devised by the art department, and music by the Treble Clef club will be used to emphasize the spirit of the play. Almost fifty people will take part in the play, and full colonial costumes will be worn by the actors during the play.

This should be the greatest entertainment staged by Normal students during the year. Those who wish to see a wholesome, instructive play may well avail themselves of this opportunity.

OFFICIALS CONFLICT OVER IRISHMAN'S PRESENCE

(By the Associated Press.)

WASHINGTON, Jan. 8.—Conflict between the state and labor department over jurisdiction in the case of Lord Mayor O'Callaghan of Cork, seeking admission to the country without a passport, reached the open today. Labor department officials deny an earlier statement by Assistant Secretary Smith of the department that the case had been referred by Secretary Wilson to the state department.

Editor Didn't Even Say Goodbye Mixed Up Marriage With Auction Sale

WEWOKA, Jan. 8.—(Special)—Is there anything that can make a rabbit slap a bulldog in the face? The answer from this end of the line is "home brew."

The scissors artist of the Wewoka Capital Democrat, whose keen eye each day scans the papers for something not too dry to give his readers, ran across a story which says that somebody sent the editor of the Wewoka Capital Democrat a bottle of this home brew stuff sometimes found floating around. The same day he received for publication a wedding announcement and a notice of an auction sale. Here are the results, and the Capital Democrat says the editor of the Gazette left town:

"Wm. Smith and Miss Lucy Anderson were disposed of at public auction, at my farm on mile east of a beautiful cluster of roses on her back and two white calves, before a background of farm implements too numerous to mention in the presence of about seventy guests including two milk cows, six mules and one bob sled. Rev. Jackson tied the nuptial knot with 200 feet of hay rope and the bridal couple left on one good John Deere gang plow for an extended trip with terms to suit purchasers. They will be at home to their friends with one good baby buggy and a few kitchen utensils after ten months from date of sale to responsible parties and some fifty chickens."

NEW MEMBERS TO BE ENLISTED

City Divided Into Districts
by Chamber of Commerce Solicitors

Eight committees have been appointed to carry on the big membership drive for the chamber of commerce which is to start at 9:30 Tuesday morning, January 11. These committees will undertake to secure 600 members for the organization. The city has been divided into districts, and each committee has been given a "beat" which will not conflict with the work of the other committee. The workers hope to cover the entire city in one day.

C. V. Downing is manager of the drive, and the following men will serve on the committees in the districts designated:

North side of East Main, Langford Shaw and Bart Smith.
South side of East Main, C. V. Downing, J. M. Coleman and Jim Couch.
North side of West Main, Roy Givens and C. P. Penrose.
South side of West Main, Miles Grigsby and C. E. Canning.
Townsend avenue, J. U. Criswell and J. G. Witherspoon.
Broadway, Jack Kitchel and Harmon Ebey.
Twelfth street, F. L. Finley and S. E. Dunham.
At large, T. J. Blake, Jr., and W. G. Moser.

As soon as the various committees have completed their work on the assigned territory they will report to Mr. Downing, at the parlor of the Harris hotel, the headquarters of the chamber of commerce. A list will be made of the new members, and the printed list will be mailed to each of the members, with a request that the member choose fifteen men from the list to act as directors of the chamber of commerce during the year 1921. The vote will be counted by the outgoing executive committee, and the fifteen men receiving the greatest number of votes will constitute the board of directors for the coming year. Only the names of persons who have paid their dues will be placed on the printed list to be voted on, and the lists will be mailed to only those who are paid up.

This is the first time the elections have been held in this manner, and it is considered better than the convention plan which has been practiced heretofore. Secretary Walker expects to be able to mail out the lists by Friday, January 14, and, if so, the returns should be counted and the names of the members of the new board announced by the following Monday evening.

GIRLS WIN GAME AND BOYS LOSE

Double Header Witnessed
by Large Crowd Friday Night.

The defeat of the Ada high school boys Friday night by the Manville high school cagers in the 26-22 score game, was rendered less humiliating to the local fans when the Ada high school girls won their game, which followed immediately, over the girls of the Weleetka high school by the score of 15-11.

The scores of both games were very close throughout, and the large crowd of spectators was held in doubt as to the outcome, until the very last moment of the games. The boys lost their game through a succession of wild throws at the cage. They excelled the visitors in passing the sphere but the great number of wild throws at the cage indicated that either the size of the cage must be enlarged, or the boys must practice more.

The girls won their game by better team work, and superior skill in throwing the sphere. At the end of the second half the score was a tie, 11-11. Five minutes more time was agreed on and this resulted in the score of 15-11 in favor of the home girls.

Following are the lineups of the four teams:

Manville	Pos.	Ada
Edlan	F.	Copeland
Cole	F.	Newton
Fine	F.	Neely
Rich	G.	Evans
Sheets	G.	Derrick

Subs for Manville: B. Cole, White. Subs for Ada: Sutherland for Neely in last half; Laird for Newton in last quarter, Roach.

Referee: Clary; timekeeper, Weleetka. Pos. Ada. Miss Wood F. Miss Roach. Miss Krallman F. Miss Mount. Miss Dean C. Miss Deters. Miss Wood C. Miss Love. Miss Dean G. Miss Ewing. Miss Reynolds G. Miss Reed. Sub for Weleetka: Miss McDermott and Miss Dean.

Subs for Ada: Miss McNew for Miss Love and Miss Mooney for Miss Reed, in last half.

CRAP SHOOTERS MAY HAVE CAUSED CAPITOL FIRE

CHARLESTON, W. Va., Jan. 8.—That the attic of the state capitol, which was destroyed by fire last Monday, was frequently used by crap shooters, was the statement made today by James J. Geis, janitor of the building, who expressed the opinion that the fire was not caused by defective electric wiring. "Anyone could go into the attic at any time," said Geis, "the doors were open day and night and in spite of the guard's entrance was easy."

The state board of control today awarded a contract for a temporary capitol which is to be built in a month at a cost of \$60,000.

350 CASES BEFORE FEDERAL GRAND JURY

(By the Associated Press.)

MUSKOGEE, Jan. 8.—Three hundred cases are on the docket for the grand jury to investigate when the United States court opens here Monday. One hundred fifty criminal cases are set for trial at this term, and 80 persons already convicted are to be sentenced during the same period. Motions are pending in 60 law and equity cases. While Judge David Dyer of St. Louis is persisting over the court here, Judge Robert L. Williams, the regular judge, will go to Tulsa to dispose of 31 civil cases set for trial there.

THE WEATHER NEW

Fair tonight. Continued cold; Sunday fair, rising temperature.

INSURANCE POLICY MAY COVER LOSSES IN CHECOTAH FIRE

Banker Who Killed Himself
Told Wife To Pay Over
Part of \$76,000.

MUSKOGEE, Jan. 8.—"I'm guilty of everything."

With these few words in a note of explanation to his wife, A. O. Johnson, president of the Commercial National bank of Checotah, committed suicide by shooting himself through the head at 3:30 o'clock Tuesday afternoon, according to Owen Price, mayor of Checotah, and life-long friend of the banker.

In his note he suggested that she take some of the \$76,000 life insurance and make good the amount the bank was short. Price said yesterday. He also asks her forgiveness for the deed.

The bank, according to H. L. Wood, cashier of the bank, is short approximately \$30,000. What Johnson did with the money is not known, he said.

Since for years.

Indications are that the bank president had been rifling the bank for several years, but had covered his defalcations so cleverly, through his intimate knowledge of banking, that he had escaped detection, an official of the bank said.

"It is plain now that he went to Kansas City with his mind made up to take his own life, after he had disclosed the condition of the bank to the examiners," he said.

George Roberts, chief national bank examiner, and Asa Ramsey, chairman of the board of directors of the Kansas federal reserve bank, returned to Checotah with Johnson. The banker went directly from him train to his home while the examiners went to the bank. As they were coming into the Johnson home for consultation, Johnson fired the shot that ended his life.

Depositors Protected.

"The depositors will be protected," the official said, "either through the insurance left by Johnson or through money raised by the stockholders."

"The bank will not be opened until after the banker's funeral which will be held at the Johnson home at 2:30 o'clock Friday afternoon," said H. L. Wood, cashier. Masons will conduct the funeral, as the dead man was a Shriner, being both a thirty-second degree Mason and a Knight Templar.

SEISMOGRAPH SHIMMIES; SIGN OF EARTHQUAKE

WASHINGTON, Jan. 8.—A "moderate" earthquake disturbance was recorded beginning at 1:40 a. m. today on the seismograph at Georgetown university here. The director of the observatory said the indicated distance was 2400 miles from Washington. The record looked, he said, as though it might be a disturbance within the continental United States.

Neglected Women Long for Love

"My Husband is Not the Same Charming Sweetheart"

Marriage Editor: Here is my pitiful story. To begin with, I can hear about 99 men who read my story say to their wives, "what made you write about me?" But this is the story of just one woman who feels she hasn't been treated fair. I am asking you what you think of this situation.

Now I don't think I am unfair, though I might be. My greatest complaint is in the knowledge that I don't seem to fit in any more as a wife or companion. My husband is better satisfied away at the club or among his friends than in my company. He never cares to take me any place with him, he never tells me anything of his business, and in fact I seem to just be a piece of furniture around the house in his way. So I feel I am not to blame, but I feel someone else is the fault of it all, for it's nature for a man to love and if he doesn't love his wife, he loves someone else.

He used to talk to me and take me to the theater, but at last I am left to go alone or stay at home. So I have been forced to think that the other woman has stolen his affection from me. I guess though, that I am not the only woman that has been deceived by the men in whom she had built up all her hopes for future happiness. I can sympathize with "Mrs. M."

"Evangeline"

Dear Marriage Editor: As you have solicited tales of woe from those who have sailed out on the sea of matrimony, believing it to be a wonderful way of realizing Love's golden dream, and who have become disillusioned soon after marriage, I shall now relate the story of my married life.

I fell in love quite young and

Police Net Tightens on Bold Bandit Gangsters

Ring Leader of Robbers
and Members of Clan
Are Arrested.

TULSA, Jan. 8.—With the arrest yesterday of another suspect and the holding of two in connection with the Sperry Guaranty state bank robbery December 28, at Okemah, Okla., the police today said that the net was gradually closing round the boldest gang of bandits in the history of Oklahoma.

Harrison Harlow and Link Harlow, his son were seized at Okemah. A charge has been filed charging Link with taking part in the Sperry robbery. The father is held

for investigation. The Harlows operate a hotel at Okemah and formerly lived near Sperry. They are being held at Bartlesville.

John E. Bradshaw, alleged to be the ring leader of the gang, arrested at Oklahoma City with two men and one woman also suspects in connection with the robbery, Chief of Police Gustafson said today he would bring him here early next week.

F. Shawnett, taken with Bradshaw and his band, appealed to lawyers to arrange for bond at a hearing late today. Bank officials and others interested in the prosecution, were preparing to attend the hearing and insist on heavy bail.

AWAIT RETURN OF LOST BALLOONISTS

COCHRANE, Ontario, Jan. 8.—Expectancy that the three weather-buffed naval balloonists from Rockaway, N. Y., would emerge before nightfall from the snowy wilderness that has engulfed them since they dropped to earth on December 14 near the Moose Factory trading station, pervaded this outpost of civilization with the break of dawn today.

Whether the trio would end their perilous adventure at the Miffanbiv river trails end at Mattice, one hundred miles west of here, or at Clute only a few miles away, still was unknown, but the majority of the little army of newspaper men, photographers and Canadian mounted police are staking their hopes on Mattice, and have set out for that town, leaving Cochrane almost deserted.

OKMULGEE JUDGES OFFER PREMIUMS WITH WEDDINGS

(By the Associated Press.)

OKMULGEE, Jan. 8.—Following an announcement by the court clerk in Oklahoma City that for a period of one day during the Christmas holidays he would offer marriage licenses at a reduction—making up the deficit himself—C. J. Shields and G. C. Gibson, justices of the peace here, went the capital city clerk one better.

A premium was placed on the procedure. The two justices declared a premium of a one dollar box of candy with each ceremony. This premium was effective for three days, December 29, 30 and 31. Mistletoe decorated the offices of the two justices during the three-day auction.

FAIR WEATHER FOR MISSOURI VALLEY

WASHINGTON, Jan. 8.—Weather predictions for the week beginning Monday are: Gulf states and upper Mississippi and lower Missouri valley, generally fair and normal temperatures.

'LOVE BANDIT' AND WOMAN HE STOLE CAUGHT IN NET

Couple Jailed at St. Louis
Following Charges by
Husband.

(By the Associated Press.)

ST. LOUIS, Mo., Jan. 8.—Paul Pierre Autaur of Hiland Park, Ill., and Mrs. Charlotte Franzen, of Madison, Wis., with whom he ran away last Tuesday night, were in jail here today awaiting removal to Hiland Park.

Autaur, according to the police, has signified his willingness to waive extradition and face charges growing out of his elopement with Mrs. Franzen.

Both Autaur and Mrs. Franzen deny the allegations of the woman's husband that she was stolen at the point of a pistol. They also deny that Autaur forced Franzen to give him a check for \$100 to pay the "honeymoon" expenses.

A charge of grand larceny in connection with the check has been filed against Autaur and in a second warrant he is charged with desertion of his wife and baby in Hiland Park.

Wanted in Illinois.

HILAND PARK, Ill., Jan. 8.—Madison police will need to move fast if they expect to return Paul P. Autaur to that city to face grand larceny charges filed against him there, according to local police. The Hiland Park authorities have laid their plans to get the "Spanish Grandee" into a cell here on the charges of wife and child abandonment and will send an official to St. Louis late today. Mrs. Autaur was in seclusion with some neighbors today. She had been informed of her husband's arrest with Mrs. Franzen in St. Louis, but had no comment to make, friends say.

Charges Grand Larceny.

MADISON, Wis., Jan. 8.—Paul P. Autaur, "love bandit," alleged to have stolen Mrs. Franzen, wife of a University of Wisconsin employee, from her husband at the point of a gun Tuesday night, will be brought to Madison to stand trial on the charge of grand larceny, local police officials stated today. Every effort will be made to push the charge against him they said.

Revelations throwing an important light upon the case were made yesterday when Mrs. J. P. Wenfauer of Sheboygan, an aunt of Mrs. Franzen's told of her niece's belief in spiritualism. A sheboygan clairvoyant's assertion, expressed through the medium of the "spirits," that Autaur and she were "intended for each other," was said to have made easy the latter's decision to leave her husband and two year old baby.

Farm Advisor Returns To Meet With Farmers

W. R. Shelton, state agent in the extension department of A. & M. college, returned to Ada Friday night to be on hand at the meeting of the Pontotoc county farmers union which is being held at the city hall Saturday afternoon. Mr. Shelton was called here by the farmers' union to explain to them the membership contract which is necessary for the cotton growers to sign before they can join the Oklahoma Cotton Growers' association.

Mr. Shelton is not connected with the association in any way, but is visiting the cotton farmers of Oklahoma to join the organization which he considers the best agency through which they can work in securing better prices for their cotton. The organization is purely a cotton farmers' organization, and only men who raise cotton or receive cotton as rental on farm lands may join.

The activities of the association will cover the fifty-three cotton growing counties of the state. Nine counties have been organized in the state, with a good representation of the farmers in each county. Members. Organizers began work in Love county January 7, and it is said that good progress is reported. The organization work is said to be in progress in Oklahoma county at this time. Men at work in Garvin county report 1,000 members and McLain county reports 1,100 members up to date.

Organization work will start in Choctaw county January 10; in Pottawatomie county January 12; in Lincoln county January 13; in Payne county January 14; in Logan county January 17, and in Carter county January 18.

The organizers are anxious to start the organization work in this county as soon as practicable. The farmers indicate a willingness to join. The matter will be discussed at the meeting of the county farmers' union, Saturday afternoon, and a definite stand is expected to be taken on the matter at that time.

You will save money by reading the ads.

Good Times For All

A great rift is opening in the dark cloud which cast a shadow of gloom over the prospects for business during the fall. The public has got back its confidence. It has learned that the world is not ready to come to an end. After the readjustment which has followed the crash of prices during the late fall, the hard times bugaboo cringes and snoops away.

That is the view taken by many leading producers and financiers of the nation. It is the view taken by the business men of Ada, too, who are finding that the country is in much better shape than most folks would think.

The Evening News is in receipt of a letter from the Peruna company of Columbus, Ohio, throwing a bright ray on the outlook. The Peruna company, doing a world-wide business are most optimistic, and are going right after business.

"We believe the buying strike is over," the letter says "make the first insertion of Peruna advertising for 1921 in the third week of January."

"Everything indicates big business ahead for all. Here is where everybody needs everybody else. Let's go!"

LARGER NUMBERS OF BABIES.

The United States today is the leading nation of the world. The white race stands first in civilization, progress, wealth, education, ability, energy and war strength.

But how about tomorrow—the tomorrow of your children's children?

Which nation then will be supreme? Which race?

Walter B. Pipkin, author of a new book "Must We Fight Japan," has the seemingly correct answer to both these questions, for the same answer fits each. It is:

War or no war, supremacy belongs to the race that produces the larger number of babies that grows up."

Not to the nation, by race, that is most inventive, best educated, most highly civilized wealthiest, but to the nation and race that leads in the production and rearing of babies.

Understand, it is not alone that a nation, or race, must have a high birthrate. The babies MUST GROW UP! This they stand the best chance of doing when the nation, or race, is educated, civilized, progressive. But they must be born, too! That is very necessary.

Theodore Roosevelt had something like that idea in mind when he first sounded the warning against race suicide.

DRAGGING OUT OF THE MUD.

The rural districts and remote from markets, educational and social centers should take emergency action on the roads. These communities could well afford to devote considerable time on the roads during winter when field work is not pressing. It is our business as farmers and citizens to go to town and get back to the farm. We can afford to

No better way has yet been found to maintain earth roads than with the road drag. Earth roads drained, graded and dragged will soon become passable and finally suitable for easy and rapid travel for vehicles. With a meeting at the school house the neighbors may be interested in the road; each agrees to drag a certain portion. In a short time the community may be lifted out of the mud.

When one community begins others on the same road and on other roads may be induced to drag. A good road maintained by a community without high taxes is the best reputation a neighborhood can get. This will do more to encourage better schools and bid higher for the citizens of other communities than any other work the community can undertake.

FISHING WITHOUT BAIT.

Among other things the Panama Canal has done is to teach the world how to fish without bait. Without hook, or net, or spear! It is far beyond the wildest fish story an Ike Walton could concoct.

When the Balboa dry dock gates are opened fish swim in, and are left stranded when the water is pumped out. Pick 'em up and carry 'em home.

Other day a school of fish swam in. Dock workers carried off all they wanted, and the commissary division took 650 pounds of fresh fish, leaving three tons to be scooped up and tossed back over the gates.

But of course, no real fisherman would give a hang about fishing with a scoop shovel!

PLEASURE OF LIVING.

Few people are more prosperous than they think they are. The income cannot meet one's needs unless one reduces his needs to conform to the income.

Pleasure is not dependent upon wealth, nor is it proportional to income. It ebbs and flows with the will; rises with appreciation. Those who serve the best usually find pleasure, enjoy their privileges and leave lasting impression, regardless of wealth and irrespective of income. He who lives best serves best.

If a man is right, he can afford to go ahead full steam. To be right means mainly to be in tune with Destiny, and willing to obey. It does not necessarily mean to be agreeable, nor to be agreed with, nor to be popular, but it does mean to be useful in the purpose which Destiny is trying to achieve. If a man is right, he need not fear about standing alone. He is not alone. If he seems to be, it is only a test of his mettle and sincerity. Every idea that is right has many silent adherents. Raise your voice and you will hear them coming. Destiny is kind; it never asks a human being to do anything alone.

Kansas has coined "legislady" for feminine members of legislatures.

In the spring a married man's thoughts turn not lightly to the ashes he ought to have carried out during the winter.

Discontent is not so much having nothing, as having less than the other fellow.

And now we'll have to solve the annual pennant problem all over again.

LEGISLATOR OF COUNTY WRITES

Conditions in State Legislature Brought Out By Pontotoc's Legislator.

W. O. Pratt, representative from this county to the state legislature has submitted the following letter to the citizens of the county in the present existing conditions in the legislature as he sees them:

Dear Friends: The legislature is nearing the end of the sixty day period and thus far very little constructive legislation has been enacted. I might say in this connection, however, that it is not through lack of a desire on the part of the average member of the house of representatives and the senate to accomplish something worth while, but it is due to a situation that has never before existed in Oklahoma political affairs and a condition which I believe does not exist and has not existed in any other state legislature and that is a democratic senate and a republican house. The casual observer can readily understand the utter futility of progressive constructive legislation being enacted into law when such conditions exist.

The general public understands that next year is election year and I might say in this connection that the republicans in the house are doing everything in their power to embarrass the present administration and to belittle everything that has been done by the democratic administration in order that they may be able to bolster up some sort of excuse for a platform on which they expect to go before the people and by various means at this time best known to themselves appeal to the dissatisfied element of the people and thereby roll up a sufficient sentiment on which to ride into office next year.

One of the most far reaching pieces of legislation proposed thus far is the farmers' warehouse bill which was passed by the senate several weeks ago and has been pending before the house committee on appropriations ever since. On Friday, March 4, the democratic members attempted to bring the bill out of the committee and put it before the house for attention Monday, March 7, and when the vote was taken, every democratic member except two, voted for bringing out the bill and every republican except two, voted against it and the sentiment seems to be at present that the democratic members in the house will line up solidly for the Farmers' Bill and the republicans almost solidly against it. At this time the passage of the warehouse bill seems very doubtful. I helped to draft the warehouse bill and have worked very faithfully for its passage and if it fails, such failure will be one of the greatest disappointments met by me during my services here in the house.

In the matter of rural school legislation, I might state that I prepared and introduced house bill No. 16 which has already passed in the house of representatives and is now before the senate. The bill provides for the organization of high schools in the rural districts and attempts to take high school education to the farm boy and girl instead of bringing the farm boy or girl to the city high school and in this I believe I am absolutely right and I further believe that I have behind me, every father and mother in the rural districts of Pontotoc county, in every respect.

I have also introduced house bill No. 26, which is now pending before the house and this bill provides that instead of the state providing \$1,250 aid as it the case at present, the state shall provide \$10,000 aid in establishing rural high schools. The bill also changes the name, Union Graded Schools to Rural High Schools and any rural high school organized under the provisions of these bills will give the same instruction and the same credit as any other high school in the state.

I have also introduced house bill No. 76 which provides \$185,000 to aid weak rural districts for the remainder of the present term, but like all other measures, intended to help the common people, it is being held up by a republican committee on appropriations.

I do not know just how much longer we will be in session, but as I have stated in the beginning of the letter I do not look for very much constructive legislation to be put through because of the conditions that exist. There never was a time in this state when the rights of the people and the opportunities of the little school children were trampled on more than they have been and are now being trampled upon by this legislature.

In conclusion, permit me to state

St. Agnes Academy

that I have done and am doing the very best that I can by you and the many letters and petitions of encouragement are deeply appreciated and if I can be of greater service along any line, I hope that you will feel free to call upon me and I shall be more than glad to serve you.

Very sincerely yours,
W. O. PRATT.

STEPS ARE TAKEN TO SAVE SPECIES OF BIRDS

(By the Associated Press)

WASHINGTON.—A nice tasty dish of live grasshoppers is much favored in the preferred menus of 25 out of 27 species of birds of which the epicurian peculiarities have been noted by government experts. Farmers are urged to form leagues of war with many tribes of lark sparrows, meadow larks, Franklin gulls, Arkansas kingbirds, crows, black birds and common kingbird that show up around the farm, thereby obtaining the services of a vigilant and hungry air patrol against raiding "hoppers". The farmer could show his good faith in the alliance, the experts say, by "killing stray cats and chasing off unscrupulous hunters."

"Probably there are not enough birds in the country to clean up a full-strength invasion of grasshoppers such as western farmers have come to dread," the government bulletin says, "but the birds assist materially in efforts to control the pest."

ADA BOYS GET CHANCE TO JOIN ARTILLERY R.O.T.C.

NORMAN, Mar. 8.—Two Pontotoc county University of Oklahoma students are eligible for the artillery R. O. T. C. camp at Camp Knox, Ky., according to information received here this week by Maj. Carl A. Fisher, field artillery, U. S. A., state university commandant. Five hundred and forty-eight Sooners are eligible for this camp and the 1921 Infantry R. O. T. C. camp, Ft. Logan, Colo., during 1921 which will open in June and continue six weeks. Oklahomans who attended these camps will be quartered with students from Arizona, Colorado, New Mexico and Texas.

During the 1920 camps eight University of Oklahoma men attended the Artillery camp at Camp Knox and six were enrolled in the infantry camp at Camp Jackson. The University of Oklahoma and the Oklahoma A. and M. College at Stillwater, are the only educational institutions in Oklahoma that are represented in the senior divisions of the officers' training corps, as the senior divisions are restricted to universities and colleges that require four years' study for a degree.

One of the main purposes of the summer R. O. T. C. camps, Major Baehr points out, is to put into practical operation the theoretical instruction that the student has learned during the regular university year in only a theoretical way. But systematic military training for the purpose of qualifying students as reserve officers in the military forces of the United States are not the only objects of these summer camps. Special attention is also given to the physical, mental and moral training of the young man during a formative and plastic stage in his life. Devotional services are arranged for and the services of chaplains secured. Healthy amusements are also provided, including athletic field meets, mus-

ical concerts, swimming, recreation reading and writing rooms.

Transportation to and from the camps is provided by the government, including pullman and meals, and subsistence while there.

Pontotoc county state university R. O. T. C. students who are eligible for the artillery camp are Horace L. Scott and L. Vern Walters, both of Ada.

NO CURE FOR THESE WARTS POTATOES ARE IMPORTED

WASHINGTON.—Mystic rites of childhood for wart removal, involving shivery midnight visits to lone, some, spook infested grave yards, the use of a rabbit's left hind foot with proper incantations, and the like, may yet be necessary to chase warts off potatoes.

At least, the department of agriculture has not so far found other means to do the job. Its official witches have steamed, boiled, dosed and otherwise assailed the wart with inconclusive results, according

in a report just published. They have not given up, however, and still hope to eradicate the plant disease from the country.

Potato wart infection is now limited to a small area in Pennsylvania, due to a 1912 importation of "spuds" which later proved to be undesirable aliens. The experts have tried all sorts of chemical treatment of the soil and even steamed the ground before planting, but without complete success.

If you belch up a bitter-tasting liquid, suffer from heartburn and sour stomach, you need the tonic properties of Herbine. It is a purifying and strengthening medicine for the stomach, liver and bowels. Price 50c. Sold by Hensler & Story. (adv)

Ada Girl Weds.

Miss Bertha McBroom, daughter of Mrs. H. A. McBroom of 516 East Fifteenth street, was married to J. M. Hill of Holdenville at the home of Rev. C. C. Morris Sunday morning at 10:30. The wedding was a quiet affair, only a few near friends being present, and came as a surprise to the friends of both parties, here and at Holdenville.

The bride is well known among the younger set of the city and has lived in the city for some time. She is also a former student of the Normal and made many friends while attending there. Mr. Hill has many friends, both here and at Holdenville, and he has been in the city quite often in the past looking after business matters. He is now located at Sasakwa.

They left on the morning Frisco for Sasakwa where they will make their future home. All their friends join in wishing them a happy life together.

Keeling-McAnally.

Miss Kate Keeling of Steedman and J. C. McAnally of this city were quietly married at the court house Saturday morning by Judge Fisher. Only a few friends and relatives knew of the wedding and it was a surprise to all their friends. They will make their home in this city.

Miss Della Wortham was a shopper in the city today from Stonewall.

Mr. and Mrs. P. P. Lieua of Tulsa arrived in the city yesterday to spend a few days visiting friends.

Misses Beulah and Jessie Vance of Shawnee were visiting friends here yesterday and today. They returned to their home at that place this afternoon.

Mrs. John Gregory was in the city Sunday and Monday visiting relatives and friends, returning to her home in Tupelo last night.

Mr. and Mrs. R. L. Merritt left this morning for Oklahoma City where they will spend the week visiting their daughter, Mrs. Arthur Willington, and family.

Miss Bessie Dallinger left today for Sulphur where she will spend a few days visiting her friends, Miss Alice Bronough. She will also visit friends in Davis and Norman before returning home.

Mrs. T. Z. Reynolds, who spent yesterday in the city visiting her parents, Mr. and Mrs. E. T. Burk and other relatives and friends, left yesterday afternoon for her home in Henryetta. Her little daughter, Dorothy, was with her.

Mrs. Catherine Threlkeld-Brydia left last night for New Orleans where she will spend a month taking a post graduate course in the diseases of women and children. She was accompanied by her husband who will return to his home here in a few days.

Mr. and Mrs. J. F. M. Harris returned to their home here yesterday afternoon from Madill where they went Sunday to visit their daughter and her husband. Their son-in-law was very ill and when they returned to their home here he was still ill but not seriously.

Matinee of School Operetta Was Held At Normal Today

Starting the day's work with a matinee this afternoon, the High school operetta company made its first appearance in public. The company is composed of half a hundred of the High school's best actors, singers and musicians, and when they appear for the final program tonight all who attend will be given an opportunity to enjoy an evening of fun and good music. Although the play will be home talent, they are all of interest to Ada citizens and a great interest is being shown by the residents in the interest of the play. The program this evening begins at 8:30 scenes and costumes appropriate for and all will miss a real musical treat, who fail to attend. Stage scenes and costumes appropriate for a Hawaiian and pirate play, have been selected and many beautiful scenes are to be seen during the play. Miss Donaldson of the High school has charge of the affair.

A. O. Harrison was a city visitor from Sulphur yesterday and today.

LEARN TO KNOW THE MASTERS OF MUSIC

Tetrazzini sang the other night, and we went to hear her. We said as we started out that she should not be surprised if she had been too much praised, and that her voice might not be so much to rave over after all—a poor way to feel about anything, and poorest of all about a person who has had years of publicity in which to prove or disprove herself.

She began with a lovely old aria that everyone has heard time and again, sung and resung by voices both worthy and unworthy its exquisite beauty. That is a mighty test, for comparisons always make people critical. But after even the first notes, and long before the last ringing wonder of the climax, we knew that we had never heard it before—only echoes of what it might have been. When she was done a long breath like a sigh came from the great audience, then the quick appreciation of spontaneous and long-continued applause.

So it went—number after number, a joyous giving forth of music pure and golden, apparently as effortless as birds sing. We stormed and laughed and almost cried with the rest as the glorious voice swept us where the singer willed. It was not a thing to forget. And as we went home we said, as people always say, how little we could have afforded to miss the rare treat of it all.

The best of it is that none of us needs to miss such things. Even after the delight of such an evening, the never-fading satisfactoriness of the big phonograph in the corner of the living room grows no less. And as we listen again and again by its means to the voices of the greatest of the world's singers, to the magic of violin and flute and harp, and the richness of orchestras at their very best, we never fail to give thanks for the genius that has brought such treasure into even the humblest homes. Nor do we forget that it was through this very instrument that we first learned to understand, to appreciate and to know by heart the great works of the great masters, and that without it the rare occasions when we are privileged to listen to the artists themselves would have meant much less to us.

K. A. G. in SOUTHERN AGRICULTURIST.

FRUIT APPLIQUED ON SILK GOWN IS PRETTY TRIMMING

The quaint little tight bodices are to be seen everywhere. On this frock of white taffeta the little bodice with its stiff, perky little peplum and the full skirt are both trimmed with applique fruit designs in colors. It is a charming gown for the "sub-deb."

McSwain, Vaudeville and Pictures

Arthur McLeod Isle of Roses company which opened at this theatre yesterday have several features worth while. The three McLeod children are a show themselves, being exceptionally clever performers. The show is clean and offers plenty of entertainment. The picture program for today is a Paramount picture "Lady Rose Daughter" featuring Elsie Ferguson. Coming tomorrow, Wallace Reid in "What's Your Hurry."

American

Showing Monday and today at the American theatre is Geraldine Farrar in "The World and Its Woman."

This is one of the strongest pictures ever filmed by any corporation and with the noted Farrar taking the lead it has certainly been a drawing card for this popular picture house.

Playing opposite the famous star in this splendid picture is seen Lou Tellegen, the most romantic actor in America. Lou Tellegen is Farrar's legitimate husband and in this picture he appears for the first time in photoplay with his celebrated wife.

The story of the picture is a strikingly dramatic panorama of love and ambition set against a background of social strife such as the world has never before seen. See the bloody uprising of the Russian hordes; see the mad dash to safety of the American opera singer and her lover through the revolutionist lines; see the thrilling struggle in the locked room between the prince and the leader of the revolutionist. "The World and Its Woman" will hold you spell-bound with the intensity of its drama and the magnificence of its settings. Its a Goldwyn picture, and will be shown at the American theatre today and Tuesday.

On Wednesday the American is showing charming Shirley Mason in "Wing Toy" and also the Pathe News is soon to show the Harding you cannot afford to miss this issue.

NO RESISTANCE OFFERED AGAINST THE OCCUPATION

(Continued from Page 1)

by the German government, it was indicated here early this morning.

The cabinet was in session until 11 o'clock and then dispersed with out taking any action calculated to meet the situation.

It has been hoped that some measure of avoiding a final break may be found, in view of the formal conference between Walter Simons and Premier Lloyd George and Briand during the last few days. Germany's coal deliveries to the allies may be affected by the present situation, it was indicated here last night. Although intente troops may siege important coal shipping points they will have to go still farther into the interior of the Ruhr district in order to secure effective control of coal production.

President Ebert late last night issued an appeal to the German people urging them "to meet this foreign despotism with austere dignity." He also admonished them not to commit ill advised acts and concluded his appeal by saying "Be patient. Have faith, for the government will not rest until the foreign tyrants yield to our rights."

BERLIN, Mar. 8.—Friedrich Ebert, the German Imperial President, declared in a proclamation issued today that Germany was "not" in a position to use force to oppose the forceful methods of the allies in occupying additional German territory, but that she nevertheless protested vigorously against what the president declared was an open violation of the treaty of peace.

The president's proclamation was as follows: "Fellow citizens: Our opponents in the world war imposed upon us unheard of demands, both in money and kind, impossible of fulfillment. Not only ourselves, but our children and grand children would have become the work slaves of our adversaries by our signature. We were called upon to settle a contract which even the work of a generation would not have sufficed to carry out.

"We must not and we cannot comply with it. Our honor and self respect forbid it. With an open breath of the peace treaty of Versailles our opponents are advancing to take more German territory. "We are not in a position to oppose force with force. We are defenseless. Nevertheless we can cry out, so that all who still recognize the voice of righteousness may hear.

"Right is being downtrodden by might. The whole German people is suffering with those of our citizens who are forced to suffer foreign domination. With firm bonds must this unite us in one sentiment, one will.

"Fellow citizens meet this foreign domination with grave dignity maintaining an upright demeanor. Be patient. The imperial government will not rest until the foreign power yields before our right."

DUESSELDORFF, Mar. 8.—Inhabitants of this city were warned in a proclamation issued by the mayor against taking a provocative attitude toward allied forces occupying the town. They were asked to be dignified and quiet, to refrain from demonstrations and to keep off the streets. Women and children were especially warned to remain at home.

Court House News

In the Mayor's Court.
La Nore House is in the city jail today waiting trial under Mayor Kitchens for several charges. More than a month ago he was accused of disturbing the peace, arrested and found guilty by the mayor and fined \$24.75. He paid the fine with a check which was turned down at the bank. A week ago he was again arrested and a gun was taken from his person. While being tried in the court room he made his escape and managed to dodge the officers until this morning, when he was again confined to the jail. The mayor has not yet reached a decision on the case.

Avoid a constipated habit, it breeds disease in the body. An occasional dose of Prickly Ash Bitters will keep the bowels healthy and regular. Men use it and find it good for that purpose. Price \$1.25 per bottle. Gwin & Mays Drug Co., special agents. (adv)

QUICK RELIEF FROM DREADFUL CHILLS AND FEVER

Leading Doctors Are Prescribing Swamp Chill Tonic

Here's good news for the afflicted—good news for the sufferers from malaria who haven't yet tried this wonderful old remedy—Swamp Chill and Fever Tonic.

Ask your neighbors about it; everybody who has tried it will talk to you in words of praise. Then go to your dealer and get a bottle—follow the simple directions—and in not more than three days you'll entirely rid yourself of all the misery of shivering, shaking, and burning with fever. Swamp Chill Tonic is absolutely reliable. It is tasteless and easy to take. It contains no calomel. It is made of purely vegetable ingredients and iron—exactly the right combination for the effective relief of malaria, chills, ague, fever, colds, grippe, "flu," etc.

All dealers recommend and sell Swamp Chill Tonic. 60 cents a bottle. Try one. D294

SENATOR MOVES PAPER WITH HIM

Tom Watson Moves Plant and Staff to Washington From Georgia.

WASHINGTON, March 7.—There's a new newspaper here in Washington—a weekly.

It's the Columbia Sentinel, its editor is Tom Watson.

The Sentinel rigidly belongs in Columbia county, Ga., but when Watson came to Washington as the new junior senator from Georgia he brought the staff of his paper with him, and announced that he'd edit and publish it between sessions of the senate.

That act gives an insight into Watson's ideas and methods. He's a live wire, full of direct current.

He says what he thinks. His newspaper has been denied use of the mails because of its vicious attacks. Watson went into the next county and started another paper.

He is known by everyone in Georgia, and feared by many.

His speech and political writings are vitriolic. His tongue lashings hit high and low; presidents and village politicians.

Beat Hoke Smith.

Tom Watson always has attracted attention. While some of the vigor and force that once characterized his fiery speeches up and down the cracker state are gone, he can still be depended upon to break into the headlines with his picturesque language and vivid personality.

Watson swept the state last summer in a hot campaign, defeating Senator Hoke Smith, who had long been a winner in Georgia politics, and Governor Hugh Dorsey, his other opponent.

More than 20,000 persons tried to hear him when he spoke at Macon and again at Atlanta.

Rural Mail Pioneer.

Watson was born Sept. 5, 1856, in Columbia county, Ga. He attended Mercer University in Macon for two years and then taught school. In 1875 he was admitted to the bar.

His first political service was as a member of the Georgia House of Representatives in 1882-3. In 1891-2 he was in congress and, although he claimed the election the following year, the certificate was given to his opponent.

While at Washington he was instrumental in putting through the first congressional appropriation for free rural mail delivery.

He was nominated for vice president by Populist convention that nominated Bryan for president at St. Louis in 1896. In 1904 he was nominated for president by the People's party, and waged an energetic campaign.

Trees His Hobby.

Watson has a colonial home on the outskirts of Thomson, Ga. Surrounding it is a grove of more than 100 species of trees, from those of the tropics to Himalayan cedar, that grows ordinarily above the snow line.

He makes this grove a sanctuary for birds and squirrels. There are hundreds of both in it, so tame they eat out of his hand. Two foun-

TEN COMMANDMENTS OF DRIVING.

1. Drive on the right side of the road; it's just as good as the left.
2. Slow down when approaching a crossroad; it is nearly as dangerous as a railroad crossing.
3. Look for the children. You can never tell what they will do, and you're always in the wrong if you hit one.
4. Try to help instead of hinder the traffic officer; he's there for your good, and he's got a tough job.
5. Be sure that your "dimmers" really dim! It's no joke driving into a blinding glare, as you probably know.
6. Read and obey the warning signs; they're not put up as ornaments.
7. If you feel you've got to speed—do it where it won't kill anybody but yourself.
8. When making minor reports, stop where your car may be seen from both directions; otherwise you may stop longer than you anticipate.
9. Speeding around corners is a straight route to the hospital. Don't race past a stopped street car. Some day the jury may call it manslaughter.
10. Use discretion. The fact that you had the right of way won't bring anybody back to life—least of all yourself.

AUTOMOBILE SHOW AT OKLAHOMA CITY IN APRIL

(By the Associated Press)

OKLAHOMA CITY.—The Oklahoma City automobile show will be held during the week of April 11, according to a decision of a committee of the Oklahoma City Automobile Dealers' association. A decision earlier in the year was to the effect that the annual motor show would not be held but a trade tour of the state substituted.

According to plans of the committee every type of automobile and truck sold or made in Oklahoma will be displayed at the exhibition. In addition to the show it is planned to have music, dancing and special vaudeville attractions. The program will be more elaborate than that of the motor show held in 1920, members of the committee declared, due to the contemplated features to be added to the show.

IN THE DISTRICT COURT OF THE UNITED STATES FOR THE EASTERN DISTRICT OF OKLAHOMA.

In the matter of W. C. Snead, bankrupt.

IN BANKRUPTCY

Order Calling First Meeting of Creditors, etc.

At Ardmore, in said district, on the 5th day of March, 1921, before R. McMillan, referee in bankruptcy:

The above entitled matter having been referred to me, one of the referees in said court of Bankruptcy, it is now ordered that the first meeting of the creditors of said bankrupt be held at the law offices of B. H. Epperson, in the city of Ada, Pontotoc county, state of Oklahoma, on the 16th day of March, 1921, at 11 o'clock a. m., at which time a trustee will be elected and such other business transacted as may come before said meeting.

It is further ordered that the Ada Evening News, a newspaper published in, and of general circulation in Pontotoc county, the county of the bankrupt's residence, be and the same is hereby designated as the paper in which shall be published all notices and orders required by law to be published in this proceeding.

It is further ordered that the bankrupt above named be and he is hereby ordered and directed to personally appear before the undersigned referee at the first meeting herein called and then and there submit to an examination touching his bankruptcy.

R. McMILLAN,
Referee in Bankruptcy

3-8-1t

SPORTING EVENTS

ANNUAL BASKETBALL TOURNAMENT TO BE HELD AT LINCOLN, NEB.

(By the Associated Press)

LINCOLN, Neb., March 8.—The eleventh annual high school basketball tournament, claimed by those in charge to be the largest in the world, will be held here March 10, 11 and 12.

More than 200 teams are expected to compete in the tournament and at least 2,000 high school athletes will be here to take part in the games. Last year 170 teams entered and 1738 athletes took part in the competition.

Eleven years ago the tournament was organized and promoted by the University of Nebraska. Since that time the growth has been so rapid that general competition is impossible and the teams are divided into classes according to the play record of the team, size of city or town, number of men in the high school and showing made in previous tournaments.

University of Nebraska men aid in staging the tournament. "N" men officiate, score and time a majority of the contests.

Clean playing and good sportsmanship is demanded of all teams. If any player is expelled from any game because of unsportsmanlike conduct or unnecessary roughness he will not be permitted to participate in any further games without the consent of the committee on adjustment.

Two years ago Shelton, a town of less than a thousand people, won the state high school cage title from a quintet representing Omaha, the largest city in the state. Lincoln won the tournament last year.

In connection with the state high school tournament, a track school for track coaches will be conducted by Henry F. Shulte, head track coach at the University of Nebraska. Daily classes in track work will be held.

Legion Boxing Show

(By the Associated Press)

McALESTER, March 5.—Under the auspices of the local post of the American Legion, a boxing show

will be staged at the fair grounds here April 1. The main event of the show will be a 16-round bout between Jimmy Wise and Bunny Walker, both local pugilists with enviable records. Several preliminaries will open the show.

A. & M. Track Meet

(By the Associated Press)

STILLWATER, March 7th.—The state intercollegiate track meet will be held on the field of the Oklahoma A. & M. college here May 20, according to a decision just announced after a vote of the members of the state board of control. Tulsa bid for the meet, but due to the more centralized location of the college here, it was voted to Stillwater.

Boxing Match at Enid

(By the Associated Press)

ENID, March 7.—Frankie Nordin, a local boy and Bobbie Riley of Ft. Smith, Ark., lightweights, have been matched to appear in a 10-round bout here March 11, according to an announcement by the athletic manager of the American Legion. Riley has yet to sign his contract but his manager declared it would be done when assurances were received that Nordin would make 128 pounds.

In the event that Riley goes the entire distance with Nordin, the contract reads, he is to receive 25 per cent of the receipts. The contract that Riley has agreed to sign would give him \$20 for every 3-minute round that he stays in the ring with Nordin.

MANY PLAYERS COMING OUT FROM CLEVELAND

(By the Associated Press)

CLEVELAND, Ohio, March 8.—Approximately fifty Cleveland sand lot baseball stars will go out to play professionally this year, the largest number in many a year.

Prior to the Federal League war one hundred or more local amateur stars used to go out each Spring, but when the Ohio State and Ohio and Pennsylvania leagues disbanded, the number was cut about in half and the world war reduced it more.

Japanese Census Shows Shrinkage of Million

TOKIO, Mar. 5.—Population figures that prove the population of the Japanese Empire over 1,000,000 less than it was estimated in 1918 were given out by the Bureau of National Power Investigation here recently. Practically every city shows a large decrease as compared with the incorrect figures of 1918. Tokyo alone being 190,000 less than its semi-official figures indicated.

The population of the Empire according to these figures, which are the result of months of labor on the part of the bureau officials is 77,005,610; that of Japan proper, exclusive of Korea, Formosa and Saghalien, 55,561,140. Both of these figures are less by more than a million than the figures given in 1918. The population of the Empire, then estimated from a compilation of old registers, was given at 78,261,856, or 1,235,246 more than the census of 1920 gives. The decrease for the Japanese Empire, therefore, is 1.6 percent.

Thus Japan, by its first modern census, for the 1920 figures are the first made along modern lines of investigation, fails to bear out its story of ever-increasing population which is literally driving the nation to seek new lands in Asia and send its immigrants out into the far corners of the earth. Since the fall of the Tokugawa it has been customary to compile all census records from old registers and it has been known for some time that duplications were not only apt to creep in, but that they had come to the customary thing.

According to the new figures there are 128,850 more males than females in Japan proper. The total number of families in Japan proper is 11,222,053.

Tokio, Osaka and Kobe rank the first three cities of the Empire in the list of statistics.

HUGHES NOTE TO PANAMA RULER IS NOT WELL TAKEN

Asks for Cessation of Hostilities and Evacuation of City

(By the Associated Press.) PANAMA, March 7.—Receipt of the identical note sent to Costa Rica and Panama by Charles Evans Hughes, American secretary of state asking that hostilities between the two countries cease, produced a "painful impression," said President Porras of the Republic of Panama, last evening.

"This impression was caused," continued the president, "because he advises us to withdraw from Coto which we have recovered from the Costa Ricans."

WORKING FOR NEW GRAIN VARIETIES ON KANSAS FARMS

MANHATTAN, Kan. — Development of Kansas farms of new varieties of wheat and corn to obtain better crops is being sponsored by the Kansas Crop Improvement association.

At the recent annual meeting of the association it was voted to extend inspection to two varieties of soft wheat, Harvest Queen and Fulcaster; two additional varieties of hard wheat, Turkey and Kharkof, and to Clark's Blackball, a variety extensively grown in south central Kansas.

Kansas Fulghum Oats a new variety said to be of unusual promise will also be inspected by the association and a committee consisting of B. S. Wilson of Manhattan, John Brox of Oatkinson and C. C. Cunningham of El Dorado have been appointed to work out a plan for inspecting corn.

The association inspected Kanred wheat and several varieties of sorghum last season and the program when completed, it is said, will include all crops of major importance.

Means for combatting the recently discovered root, stalk and ear rots of corn, which it is said cause considerable loss in Kansas, is being considered by the organization. E. R. Tolbert of the United States department of agriculture declared at the convention that in Illinois these diseases are responsible for losses of as much as 25 bushels an acre.

More than 200,000 bushels of pure seed wheat worth in excess of \$500,000 were sold in 1919 and 1920 through the association, according to the report of Secretary S. C. Salmon.

May Increase Rates

(By the Associated Press.) MANILA, P. I., Jan. 20 (Correspondence of the Associated Press).—The Manila Railroad company has made application to the public utility commission for permission to increase freight rates approximately twenty five per cent. In a statement the company says that owing to an increase in wages and the cost of materials and supplies, there has been a deficit each month for several months past, in the operation of the properties.

The statement says the Manila railroad represents an investment of approximately \$22,000,000 and that on account of the constantly increasing cost of materials and the higher wages paid to employees, only one small dividend has been paid on the stock of the company for many years.

Buffaloes, Want One?

(Continued on Page Three) WASHINGTON, March 7.—Does anyone want a bull buffalo? If so speak up, for Uncle Sam has twenty of assorted sizes and including a frisky one year calf to give away.

"Here," says the Forest Service announcement, "is an excellent opportunity to get a real, live buffalo—not as gentle, perhaps as a kitten, but nevertheless, a nice pet if you have plenty of room to keep him, surrounded by a 12-foot double-plait woven-wirefence, and the price of two tons of hay a year."

The buffalo are the surplus of the flourishing herd in Wichita National Forest, started 15 years ago with 15 head, but now numbering 150. There are too many bulls for domestic tranquility in the herd and you can have one free by paying the cost of crating and hauling.

IN THE SPOTLIGHT TOGETHER AGAIN, BUT THEIR POSITIONS ARE CHANGED

President-elect Harding, at left, and Charles Evans Hughes, photographed when Harding notified Hughes that he had been chosen presidential candidate.

An interesting sidelight on the present situation is presented by the photo above, taken over four years ago. The picture was taken when President-elect Harding, then just a plain senator, called on Charles Evans Hughes to inform him formally that the Republican party had chosen Hughes as its candidate to run against Woodrow Wilson. Hughes loomed then as a possible president and a few months later nearly became president. The result of the election was in doubt for days. Now Harding is about to become president, being the choice of a now overwhelming majority of the people. And Hughes has been asked by Harding to aid him by becoming secretary of state under Harding. Hughes has accepted.

"Peruvian Dinner" Popular

(By the Associated Press) WASHINGTON, March 7.—When it was whispered around on Diplomatic Row here that a "Peruvian Dinner" is in the making, there is a smacking of lips and a brightening of eyes in anticipation among the lucky ones who may be invited. For while Senor Don Frederico Alphonso Pezet in his official capacity is Ambassador Extraordinary and Minister Plenipotentiary from Peru, unofficially he is an artist, a composer of culinary symphonies. And he plays 'em too, not on any frivolous chafing dish, but on a regular, business like gas range. The score or more embassy attaches and other folk who are invited to these informal dinners agree that Senor Pezet's ability to plan a dinner, then execute it with pot, pan and skillet and finally preside at the feast as genial host is unequalled among his diplomatic colleagues.

Woman Lumberjack

(By the Associated Press) STANLEY, Wis., March 7.—Attired in lumber jack's clothing and enmeshed in the rough and strenuous work of "skidding" logs is the work of Mrs. John Ingles of Polley, Wis., who is helping her husband skid logs on a contract. Mrs. Ingles does the regular work of a lumber jack

with zest and ability that would be amazing to her sisters in the city. She is the mother of four children and has been doing this work for almost five years.

Is Suspended Six Months

(By the Associated Press) DETROIT, Mich., Mar. 7.—Johnny Griffiths, of Akron, Ohio, welterweight, has been suspended by the

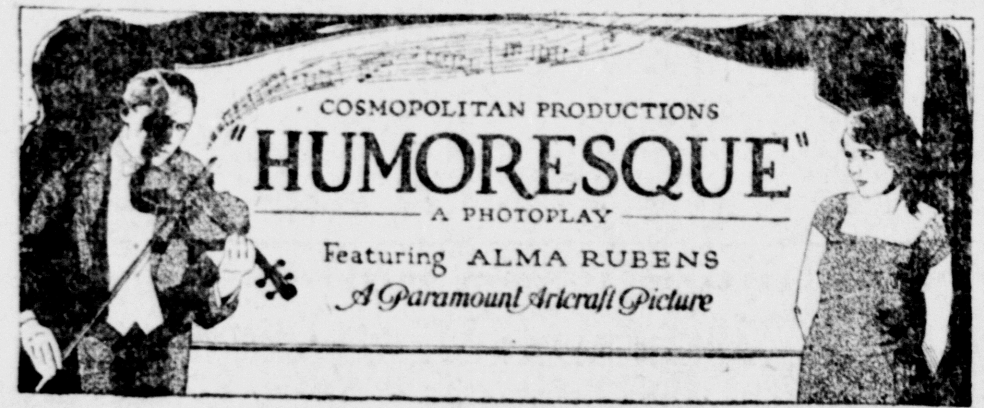

ASK YOUR NEIGHBOR!

San Antonio, Texas. — "Doctor Pierce's Favorite Prescription" has been very beneficial to my health. I was suffering with weakness which caused me to become all run-down and nervous. I was just miserable but by the use of the "Favorite Prescription" I was completely restored to strength and good health. Knowing what "Favorite Prescription" has done for me, I do not hesitate to recommend it to other women who suffer. — MRS. J. D. NAYLOR, 215 Rische Street.

Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. for trial pack, age of any of his medicines.

THEATRE McSWAIN THEATRE

MARCH 14th and 15th

The song of a mother's heart made visible; the dream of a mother's life comes true, a melody of love and tears and laughter played silently on the screen. The greatest picture in years, playing to capacity houses wherever shown, and at advanced prices.

Michigan Board of athletic control, for six months as a result of his showing here recently in a bout with Jack Perry. The bout was stopped in the seventh round by the referee, who said Griffiths failed to make a contest. He had been warned by the referee several times during the seven rounds.

School Census

(By the Associated Press) MIAMI, Okla., March 7.—The annual school census taken in Ottawa county has developed a feature that probably will not be duplicated in any other county in the state, according to County Superintendent Harry Ballinger.

Of the 11,163 school children canvassed in the county, it was found there are no negroes, deaf, dumb or blind children. The census shows 1,280 less school children in the county than were registered in 1920.

Boys lead in the county with 5,854 as against 5,311 girls, according to the census. The Pitcher district with 2,757 children enrolled leads the 48 districts in the county, the census shows.

Alimony Bashfulness

(By the Associated Press) CLEVELAND, Ohio, March 7.—The new divorcee and the divorcee's second husband who comes around

to collect the alimony left by the first husband are the only two types that are bashful about asking for their money, according to the man at the alimony window of the county court house.

Husband number two is always shy and hesitating when he comes to collect the money, which has usually been awarded to provide for

the children of the first husband. The alimony payroll here runs about \$10,000 a month and has more than 250 women recipients, receiving varying amounts, ranging from \$10 to \$250 a month, the average alimony of women in this county being about \$10 a week, some accounts dating back eight years.
